3. **Sponsoring Apprentices – Working with OEWD, sponsor a negotiated number of new apprentices based on scope of work (e.g. if a contractor anticipates achieving 15%, OEWD may request sponsorship of 1 apprentice and waive the remaining 5%. That apprentice would need to work the entire duration of contractor’s work on project)**

Conditional Waivers from Local Hiring Requirements

4. **Credit for Hiring on Non-Covered Projects** – Contractors can accumulate credit hours for hiring Disadvantaged Workers not covered by the legislation to count for work on covered projects. The Disadvantaged Worker must be paid the prevailing wage.

5. **Direct Entry Agreements** – OEWD can negotiate and enter into agreement with State Approved Apprenticeship programs for direct entry. Contractors may avoid assessments and penalties by hiring and retaining apprentices enrolled through such direct entry agreements. OEWD will post any Direct Entry Agreements on the Website

6. **Reciprocity** - An awarding department or OEWD may negotiate reciprocity agreements with other local jurisdictions that maintain local hiring programs that allows targeted workers in each jurisdiction to utilize and benefit from local hiring.

INCENTIVES AND PENALTIES

1. **Financial Penalties:** The total local hiring hours not met set forth in the requirement multiply by the Prevailing Wage of Journeyman or Apprentice of the Trade or Craft set forth by the California Department of Industrial Relations

(Example: 20 hours short of meeting 20% of total work hours by Journeyman Carpenter x \$39.55 Journeyman Rate = \$791 penalty OR

10 hours short of meeting 50% of total apprentice work hours to be performed by SF resident x \$32.69 (average apprentice wage of 8 periods of carpenter apprenticeship) = \$327)

- a. Contractor and its subcontractors jointly liable for not meeting requirements
- b. OEWD will work with Contractor on Corrective Action Plan to Avoid Financial Penalty

2. **Incentives:** Sole Discretion of Awarding Department
